Meerut ACM Chapter Signs the Declaration on Research Assessment (DORA)

Meerut, India – 4/02/2025 – The Meerut ACM Chapter proudly announces its endorsement of the **Declaration on Research Assessment (DORA)**, reaffirming its commitment to fostering responsible research assessment (RRA) practices. By signing DORA, the Meerut ACM Chapter joins a global movement dedicated to advancing fair, inclusive, and transparent research evaluation methodologies.

Commitment to Excellence and Equity

As a professional chapter dedicated to computing and research, the Meerut ACM Chapter pledges to:

- **Support fair evaluation practices** emphasizing qualitative assessment.
- **Encourage diversity and inclusion** by valuing interdisciplinary contributions.
- **Promote transparency** in research evaluation criteria.

Leading the Way

By endorsing DORA, the Meerut ACM Chapter strengthens its role in ethical and equitable research evaluation within computing. The chapter encourages institutions and funding bodies to adopt inclusive assessment criteria that truly reflect research quality and impact.

“By signing DORA, we affirm our dedication to fostering a research culture valuing integrity, innovation, and inclusivity.”

Aryan Chaudhary

Chair, Meerut ACM Professional Chapter
